Proceeds from this Challenge go to disadvantaged children from Amazizi attending the Primary School...

Royal Drakensberg Primary School provides excellent foundation phase education for children of the local community. A financial assistance program has been established to make the school accessible to children in the surrounding Amazizi community.

The costs of educating disadvantaged children at the school are covered by fund raising activities such as the bike race. All proceeds from the Royal Drakensberg Mountain Bike Challenge will go directly to the school. For information visit www.royal-drakensberg.org.za

Thank you for your support!
